

Jury Meeting Minute

ONE POSTDOCTORAL Researcher

Reference IMM/CT/82-2021

Instituto de Medicina Molecular João Lobo Antunes (iMM) opened a call for the hiring of a Postdoctoral Researcher correspondent to the initial level according to the Applicable Regulation, under an Unifixed-term contract, with the funding support from *Sistema de Apoio à Investigação Científica e Tecnológica (SAICT) –02/SAICT/2017 - Projeto de Investigação Científica e Desenvolvimento Tecnológico (IC&DT)* funded by Structural and Investment European Funds (FEEL) - Programa Operacional Regional de Lisboa and National Funds (FCT-MEC), under the project *LISBOA-01-0145-FEDER-031929 - "Adenosine levels reestablishment: new approach for the treatment of Rett Syndrome"*(AdoRett).

Regulation

- Decree-Law nr 57/2016, from 29th August, altered by Law nr 57/2017, from 19th July, that approves a Doctoral Hiring regime to stimulate Scientific and Technological Employment in all knowledge areas (RJEC).
- Portuguese Labor Law, approved by Law nr 7/2009, from 12th February in its current writing.
- Regulatory Decree Nr 11-A / 2017, of 29th December.
- Decree-Law nr 10-B/2020, from 20th March.

The job advert was published in EURAXESS Portugal on 10th of November 2021, and also disseminated in iMM website.

The call was opened for 30 working days starting on 11th of November and ending on 24th of December 2021, having applied the following candidate:

- Cansu Sahin
- Christian Ramos
- Gisela Oliveira
- Saumen Karan

On the 28th of January of 2021, the jury composed by Maria José Diógenes (President of the Jury and Responsible for the Project), Ana Maria Sebastião and Sara Xapelli (all PhD's) met to analyze the application documents (- Detailed CV; - Motivation letter in English; - PhD Certificate; - Other documents that applicant may consider to be relevant) in accordance to the profile and work plan indicated in the job advert.

All admitted application was analyzed according to the following selection method, which was also indicated in the job advert:

- Curriculum Vitae (70%) based on the following criteria:
 - Executed and/or published scientific work, with special emphasis on areas related to the work plan (15%);
 - Research experience and relevant knowledge in the area of the proposed work plan as described in the candidate profile (50%);
 - Command of the English language (5%).

- Motivation Letter (20%) based on the following criteria:
 - Motivation and interest for the activities to be performed (20%);

The analysis and discrimination of the admitted candidates' classification in the First Phase are presented in the table of Annex I.

Following this, the applicants identified below obtained a score equal to or higher than 40% and were invited for an interview. The interviews took place on 3rd of January 2022.

- Christian Ramos
- Gisela Oliveira

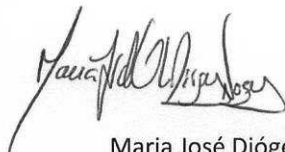

INTERVIEW (10%)

For the interview were considered the below requirements:

- Communication and social skills (2%)
- Commitment and independent thinking (2%)
- Technical independence and autonomy (6%)

The analysis and discrimination of the candidate's classification in the Second Phase and the total classification in both phases are presented in the table of Annex II attached to this minute.

Lisbon, 5th of January of 2022
