

## Expressions of Interest - MSCA IF

**The Instituto de Medicina Molecular João Lobo Antunes (iMM) opens a call for receiving Expressions of Interest (Eoi) for MSCA individual fellowships.**

Marie Skłodowska-Curie (MSCA) Individual Fellowships provide salary and research support to Postdoctoral researchers. The scheme is designed to help the most talented and promising researchers further develop their careers and diversify their experience, through advanced training and international mobility. MSCA Fellowships are open to European and non-European researchers.

In line with iMM strategy to promote excellence, the funding office will open a call for receiving Expressions of Interest for MSCA individual fellowships.

Our aim is to attract and support applications of the best candidates that decide to choose iMM as host institution. Please find in the link below the projects available:
