

POSITIONS AVAILABLE AT IMM:

Edgar Gomes Lab | Field of work: Skeletal muscle biology

- Group Leader: Edgar Gomes
- Website: <https://imm.medicina.ulisboa.pt/investigation/laboratories/edgar-gomes-lab/#intro>
- Level of scientists - MSc students, PhD students, Postdocs, PIs – Any level
- Expected duration - up to 2 years
- Any stipend - Remuneration according to experience
- Contact: edgargomes@medicina.ulisboa.pt

Luisa Figueiredo Lab | Field of work: Parasitology

- Group Leader: Luisa Figueiredo
- Project 1: How do parasites adapt to tissue metabolites?** The researcher will use tissue culture systems to test how *Trypanosoma brucei* adapts its growth and transcriptome to the presence of lypolytic metabolites
- Project 2: New biotechnological applications of RNA modifications:** The researcher will test the function of m6A in cultured mammalian cells
- Website: <https://imm.medicina.ulisboa.pt/investigation/laboratories/luisa-figueiredo-lab/#intro>
- Level of scientists: Masters project or postdoc
- Expected duration: 12 months
- Any stipend: 10.000€/year for Masters student and 20.000€/year for postdoc
- Contact: lpinho@medicina.ulisboa.pt, lmf@medicina.ulisboa.pt

Gonçalo Bernardes Lab | Field of work: Chemical Biology

- Group Leader: Gonçalo Bernardes
- Website: www.gbernardeslab.com
- Level of scientists - MSc students, PhD students, Postdocs, PIs – Any level
- Expected duration - 1 year initially
- Any stipend – Remuneration, including expenses to travel to and from Portugal
- Contact: gbernardes@medicina.ulisboa.pt; +351 917 630 246

Bruno Silva-Santos Lab | Field of work: Immunology

- Group Leader: Bruno Silva-Santos
- Website <https://imm.medicina.ulisboa.pt/investigation/laboratories/bruno-silva-santos-lab/>
- Position: 1 researcher with a MSc diploma in biological or biomedical sciences
- Duration: 12 months
- Stipend: 1.200 EUR/ month (funded by project from FCT/ National Science Foundation)
- Contact: bssantos@medicina.ulisboa.pt

Claus M. Azzalin Lab | Field of work: Cell biology

- Group Leader: Claus M. Azzalin
 - Website: <https://imm.medicina.ulisboa.pt/investigation/laboratories/clus-maria-azzalin-lab/#intro>
 - Position: 1 student or researcher with a MSc diploma
 - Duration: Up to 12 months
 - Stipend: Available
 - Contact: cmazzalin@medicina.ulisboa.pt
-

NO STIPEND AVAILABLE AT THE MOMENT:

Claudio Franco Lab | Field of work: Spinal cord regeneration in animal models

- Group Leader: Claudio Franco
- Website: <https://imm.medicina.ulisboa.pt/investigacion/laboratorios/claudio-franco-lab/#intro>
- Level of scientists - PhD students, Postdocs, PIs, any level
- Contact: cfranco@medicina.ulisboa.pt

Ana E Sousa Lab | Field of work: Human Immunodeficiency & Immune Reconstitution

- Group Leader: Ana E Sousa, MD, PhD
- Website: <https://imm.medicina.ulisboa.pt/investigacion/laboratorios/ana-espada-de-sousa-lab/#intro>
- Level of scientist to be received: any level
- Expected duration: variable depending on the level of the scientist and the possible project
- Stipend: Currently not available but we can work on fund raising for provide it.
- Contact: Afonso Almeida, PhD: afonso.almeida@medicina.ulisboa.pt

Mário Ramirez Lab | Field of work: Clinical Microbiology, Public Health Microbiology, Bioinformatics

- Group Leader: Mário Ramirez
- Website: <https://imm.medicina.ulisboa.pt/investigacion/laboratorios/mario-ramirez-lab/#intro>
- Level of scientists - PhD students, Postdocs, PIs
- Expected duration - evaluated in a case by case
- Contact: ramirez@fm.ul.pt

Leonor Saúde Lab | Field of work: Spinal cord regeneration in animal models

- Group Leader: Leonor Saúde
- Website: <https://imm.medicina.ulisboa.pt/investigacion/laboratorios/leonor-saude-lab/#intro>
- Level of scientists - PhD students, Postdocs, PIs, any level
- Contact: msaude@medicina.ulisboa.pt

Fish Facility | Field of work: Zebrafish husbandry

- Head: Leonor Saúde
- Website: https://imm.medicina.ulisboa.pt/support_structure/zebrafish-unit/#intro
- Level of scientists: any level
- no stipend available at the moment
- Contact: msaude@medicina.ulisboa.pt

Pedro Sousa-Victor and Joana Neves Lab | Field of work: Aging and Tissue Repair

- Group Leader: Pedro Sousa-Victor and Joana Neves
- Website: <https://imm.medicina.ulisboa.pt/investigacion/laboratorios/joana-neves-lab> or <https://imm.medicina.ulisboa.pt/investigacion/laboratorios/pedro-victor-lab>
- Level: MSc Students
- Expected duration: Up to 12 months
- Contacts: psvictor@medicina.ulisboa.pt and joana.neves@medicina.ulisboa.pt

Vanessa Morais Lab | Field of work: Mitochondrial biology and neurodegeneration

Group Leader: Vanessa Morais

Website: <https://imm.medicina.ulisboa.pt/investigação/laboratórios/vanessa-morais-lab/#intro>

Level of scientists: MSc and PhD students, and postdocs

Expected duration: 9 to 12 months

Contact: vmorais@medicina.ulisboa.pt

Miguel Castanho Lab | Field of work: Antiviral and anticancer peptide drug development

Group Leader: Miguel Castanho

Website: <https://imm.medicina.ulisboa.pt/investigação/laboratórios/miguel-castanho-lab/#intro>

Level of scientists: PhD student

Expected duration: 1 year (eventually renewable)

Contact: macastanho@medicina.ulisboa.pt

Nuno Santos Lab | Field of work: Biophysics; Nanomedicine; Infectious Diseases; Cardiovascular Diseases

- Group Leader: Nuno C. Santos (<https://scholar.google.pt/citations?user=hmISCFoAAAAJ&hl=en>)

- Website: <https://imm.medicina.ulisboa.pt/investigação/laboratórios/nuno-santos-lab/#intro>

- Level of scientist to be received: any level

- Expected duration: variable depending on the level of the scientist and the possible project

- Stipend: Currently not available, but we can work on fund raising to provide it.

- Contact: nsantos@fm.ul.pt

Marc Veldhoen Lab | Field of work: T cell activation and differentiation

- Group Leader: Marc Veldhoen

- Website: <https://imm.medicina.ulisboa.pt/investigação/laboratórios/marc-veldhoen-lab/#intro>

- Level of scientists: MSc and PhD students, and postdocs

- Expected duration: 9 to 12 months

- Contact: marc.veldhoen@medicina.ulisboa.pt

Sergio Almeida Lab | Field of work: Molecular biology

- Group Leader: Sergio Almeida

- Website: <https://imm.medicina.ulisboa.pt/investigação/laboratórios/sergio-de-almeida-lab/#intro>

- Level of scientists - MSc students, Postdocs, PIs

- Expected duration - up to 2 years

- Contact: sergioalmeida@medicina.ulisboa.pt

Ana Sebastião Lab | Field of work: Neurosciences

Group Leader: Ana Sebastião

Website: <https://imm.medicina.ulisboa.pt/en/investigacao/labs/sebastiao-ana-lab/>

Level of scientists: any level

Expected duration: evaluated in a case by case

Contact: anaseb@medicina.ulisboa.pt

João Barata Lab | Field of work: Cancer; Leukemia; Signal transduction; Tumor immunity

- Group Leader: João T. Barata

- Website: <https://imm.medicina.ulisboa.pt/investigation/laboratories/joao-barata-lab/#intro>

- Level of scientists – any level

- Expected duration - evaluated case by case

- Contact: joao_barata@medicina.ulisboa.pt
