Lab Project Manager

Apply Now

Deadline for expression of interest:
November 28th 2022

We are hiring a Lab Project Manager for Edgar Gomes team at the Instituto de Medicina Molecular João Lobo Antunes (iMM).

Edgar Gomes Lab is interested in understanding processes that involve connecting the cytoskeleton to other organelles and how these play a role in cell function. We study skeletal myofiber formation using different molecular and cellular approaches in combination with time-lapse imaging analysis to address these questions.

iMM is a leading Portuguese biomedical research institute, that aims to nurture innovative ideas in basic, translational and clinical research, with the mission of improving human life through the study of disease mechanisms and the development of novel predictive/diagnostic tests and therapeutic approaches.

We will rely on you to:

- Organize and schedule meetings and events
- Monitor financial progress of multiple projects
- Give support for project writing, submission and reporting
- Idealize and implement Science Outreach initiatives
- Lab and Project Management Support

We are looking for:

Background

Degree in Cell, Molecular Biology or other related fields

Preferred Experience in:

- Management
- Lab Organization
- Project writing

Skills and abilities:

- Good Communication Skills
- Planning, organizing and prioritizing
- Meticulousness
- Autonomy
- Proactiveness
- English fluency (written and spoken)

Expression of Interest:

Email the following documents to **edgargomes@medicina.ulisboa.pt**

- Motivation letter
- CV including major achievements
- Two reference contacts

Deadline: 28th November 2022
