Jury Meeting Minute
Reference of Fellowship IMM/BII/20-2024

Instituto de Medicina Molecular João Lobo Antunes (iMM) opened a call for one (1) initiation research fellowship under the project "Innovation Pact "HFPT - Health from Portugal" with the funding support from Mobilizing Agendas/Alliances for Business Innovation - Component 5 of the Recovery and Resilience Plan (RRP), under call for proposals nr 02/C05-i01/2022.

The ad was published at EURAXESS Portugal Portal on 7th of May 2024 and also disseminated in iMM website. The call was opened from 8th of May until 21st of May 2024 and during which the following applicant applied:

✓ Catarina Carreira
✓ Francisca Silva
✓ Oluwasegun Agedokun
✓ Sara Inteiro de Oliveira

On the 27 of May 2024 the jury composed by Maria José Diógenes, Francisco Enguita and Ana Maria Sebastião (all PhD’s), met to analyze the application documents (Motivation Letter, Detailed CV, MSc degree certificate, Animal course certification and Candidate’s declaration of honor indicating previous fellowships) in accordance to the profile and work plan indicated in the job advert.

Work Plan and Goals:
- To evaluate the efficacy of selected compounds (by virtual screening) in vitro in primary neuronal cultures.
- To evaluate ex vivo the efficacy of selected compounds by electrophysiological recordings in hippocampal slices in order to assess the magnitude of long-term potentiation (LTP).

Candidate’s Profile:
- MSc degree in Neurosciences;
- Practical course on Laboratory Animal Science (rodents);
- Experience in animal use, sacrifice, and dissection (rodents);
- Experience in electrophysiological recordings in the hippocampus;
- Experience in interpretation of virtual screening of compounds;
- Experience in primary neuronal cultures and molecular assays, (namely western blot);
- The international experience of the candidates, although not a decisive criterion for selection, will be valued.

Necessary Documents for Applications: - Motivation Letter; - Detailed CV; - MSc degree certificate; - Animal course certification; - Candidate’s declaration of honor indicating previous fellowships, if any, its typology and duration.

Selection Method: Curriculum evaluation (50%) and Interview (50%). Only candidates who obtain a classification equal to or greater than 40% in Phase 1 will be selected for interview.

Curricular evaluation (50%)
The analysis of the Curriculum Vitae took in consideration:
- MSc degree in Neurosciences (10%);
- Practical course on Laboratory Animal Science (rodents) (10%);
- Experience in animal use, sacrifice, and dissection (rodents) (5%);
- Experience in electrophysiological recordings in the hippocampus (5%);
- Experience in interpretation of virtual screening of compounds (10%);
- Experience in primary neuronal cultures and molecular assays, (namely western blot) (10%).
The analysis and discrimination of the admitted candidate’s classification in the First of this process are presented in Annex I.

**INTERVIEW (50%)**
Following this, 1 applicant obtained at least 40% in the First Phase. The applicant is identified below and the interview took place on 28 may 2024.

Sara Inteiro de Oliveira

For the interview the jury evaluated the following:
- Interest and the motivation to perform the proposed work plan (25%)
- Oral communication (25%)

The analysis and discrimination of the admitted candidate’s classification in the Interview Phase and total classification in both Phases of this process are presented in Annex II.

At this stage the candidate with the highest score will be the one selected for the position.

**Lisbon, 28th of may 2024**

Maria José Diógenes (FMUL, iMM)

Francisco Enguita (FMUL, iMM)

Ana Sebastião (FMUL, iMM)
